## SYRUP OF FIGS

NEVER IMITATED IN QUALITY.

### An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

## READ THE RULES

President of the Senate Had to Resort to the Calling Down Act.

### NOT IN MANY YEARS

Until Yesterday Had Such a Necessity Arisen in the Hall of the Upper House.

A Philippine Storm Which Was Central in the Senate Created Excitement.

Washington, Jan. 29.—With breathless interest the spectators who thronged the galleries watched the storm which for more than three hours yesterday raged in the senate chamber. At times the storm looked very serious, but it finally proved void of definite results.

Acrimony in senate debates is not infrequent, but old senators say it has been years since there has been such a hurricane of bitter vituperation, of personal taunt, of ugly charges and of unmodified criticism as was witnessed yesterday. Not since the discussion of the resolutions leading up to the Hispano-American war have any scenes occurred in the senate comparable with yesterday. Even that debate lacked the personal bitterness manifested at times yesterday. Irritation was aroused on both sides of the chamber, and once or twice personal encounters between senators seemed imminent. Once when Senator Teller taunted the Republican senators by declaring they knew the statements made in a recent dispatch from Manila in which General Wheaton was represented as criticizing the opponents of the government's policy in the Philippines were true a half dozen Republicans were on their feet in an instant. Senator Lodge, at whom the taunt seemed to be aimed particularly, hurriedly crossed from his seat in the center of the Republican side to the main aisle of the senate, and, white to the lips, passionately challenged the statement of the Colorado senator and demanded that he withdraw it. Senator Teller so modified the statement that further hostilities at that time were averted.

One of the sharpest colloquies of the session was between Senators Spooner of Wisconsin and Tillman of South Carolina. The race problem, involving the lynching of negroes, was interjected into the controversy and much feeling was manifested by both senators. In the course of the colloquy, Mr. Spooner declared that if the same rule were to be applied to the colored people in the Philippines as Mr. Tillman referred to in the South, then, "God help the colored man in the Philippines."

"God help him in the Philippines now," shouted the South Carolina senator passionately. "You have already butchered in three years three times as many as the Spaniards did in three centuries."

"It is one thing," retorted Mr. Spooner, "to kill men with guns in their hands against the government and against the flag. It is another to burn them."

Senators in their excitement seemed for the moment to have forgotten the subject of debate. The chair (Mr. Frye) was able with difficulty to maintain order. When the discussion finally was ended for the day, the chair felt called on seriously to admonish senators that the rules of the body had not been observed, and after reading the rule which had been violated he expressed the hope that in the future senators would have a care to observe it. Such an admonition has not been made by the presiding officer of the senate in many years.

Prior to the outbreak on the Philippine question, the senate concluded the consideration of the bill establishing a department of commerce, as passed it. The name of the new department was changed to that of the department of commerce and labor.

### Gen. Wheaton's Comment.

Manila, Jan. 29.—The criticism of the senate minority report on the Philippine tariff bill has been general, both in public and private here, though many people admit the statements made in the report are correct. General Wheaton's vigorous criticisms referred entirely to Professor Schurman's speech at Boston, though he holds the professor in high personal esteem. The statement that a person who made such remarks here as those credited to the professor during his Boston speech would be sent to jail, referred merely to the recent sedition law.

### Capt. Baker Was Surprised

New York, Jan. 29.—A large part of yesterday's session in the trial of Lawyer Albert T. Patrick for the murder of Millionaire William Marsh Rice was taken up in the examination of Captain James A. Baker of Houston, Tex. He told of coming to New York and being surprised that Mr. Rice had engaged Patrick as his lawyer. He also related what had occurred at his meeting with Patrick after Rice's death. Dr. Hamilton Williams, whose cross-examination was continued on Monday, reiterated his opinion that the condition of Mr. Rice's lungs was due to the inhalation of a gaseous irritant.

## MORE EVIDENCE

Inspector Gregory Gives Details of Neely's Methods.

Havana, Jan. 29.—During the trial of the charges growing out of the Cuban postal frauds, held here yesterday, Inspector Gregory continued his testimony. He said that according to the report of Inspectors Sullivan and Leatherman, there were only 357,184 surcharged stamps on hand May 26, 1899, or 35,494 stamps less than were credited to the account of burned stamps Sept. 11, 1899. Gregory said this difference was probably 70,000, as no record was kept of cash sales and as no more stamps were received during the interval from the United States.

Regarding the surplus cash found by Sullivan and Leatherman May 26, Gregory testified that C. F. W. Neely was not charged with about \$5,000 in various items, and that consequently there should have been a deficit instead of a surplus. Gregory said that Estes G. Rathbone made two reports, one to General John R. Brooke, former governor general of Cuba, and the other to the postmaster general June 30, 1899, and that the figures in these two reports did not agree.

### PROSPECT GLOOMY

Miss Stone's Release Is Not Yet In Sight.

Washington, Jan. 29.—The state department has received a dispatch from the United States representative in Turkey regarding the case of Miss Ellen M. Stone, the American missionary held by brigands, and her companion, Mme. Talika. Its contents were disappointing, the captives not having been released as was hoped would be the case from the manner in which the negotiations looking to that end had been progressing lately. Officials are averse to discussing the case freely, but it is understood the hesitation of the brigands in bringing the matter to a prompt conclusion is due to their distrust of the attitude assumed by the Turkish authorities. The ransom money demanded has not yet been paid. The state department will continue to exert every effort to secure the release of the women, but immediate prospects are less reassuring.

### The Reason Given.

Sofia, Jan. 29.—The brigands wish the liberation of Miss Stone, the captive American missionary, to take place on Turkish territory, but the Turkish government will not consent to this arrangement, unless it be advised of the time and place of the passage of the brigands across the frontier. The Turkish government also requires that a neutral escort accompany the brigands.

### LOOKING TO PEACE

British Parliament Is Given Some Cheering News.

London, Jan. 29.—The government leader, A. J. Balfour, announced in the house of commons yesterday that no overtures for peace had been received from anyone authorized to speak in behalf of the Boers. A communication was, however, received late Saturday last from the Dutch government, which was now under consideration. Mr. Balfour hoped shortly to lay the communication and reply to it before the house.

The announcement of Mr. Balfour caused a sensation in the lobbies of parliament. Lord Rosebery is generally credited with having brought about this movement on the part of the Dutch government. It is recalled that Dr. Kuiper, the Dutch premier, in an interview published about Christmas time, was represented to have urged the impossibility of Holland's intervening in South Africa unless she had reason to think that both parties wished it. Consequently, it is regarded as certain that the present move was inspired by the Boer delegates.

### Deadly Tenement Fire.

Boston, Jan. 29.—Eight persons dead, three more probably fatally burned and three seriously hurt in jumping from windows and others more or less hurt was the result of a fire just before 2 o'clock this morning in an Italian tenement house on Fleet street, North End. Seven of the dead are adults, three of them women and the eighth is a child. The building was four stories high, at Nos. 6 to 10 Fleet street. The fire was not seen until it was under headway, so that sleeping inmates on the upper floor were cut off.

### TERSE TELEGRAMS

Lord Kitchener's latest reports show continued activity on the part of the Boers.

There is no news to the highwaymen who held up a Southern train near Branceville, S. C.

A St. Louis delegation is asking Ohio to spend \$30,000 for an exhibit at the Purchase Exposition.

Two prospectors have struck near Neihart, Mont., what is believed to be a mine of pure silver.

The people of Chesterfield, Idaho, are greatly excited over the appearance of a giant wild man.

A sensation has been caused at St. Louis by the arrest of three ex-Congressmen on the charge of bribery.

The house committee on commerce has decided in favor of Government construction, operation and maintenance of a Pacific cable.

The executive board of the general federation of women's clubs has requested that a committee be appointed to discuss the question of admitting to the federation clubs composed of negro women.

The senate has passed a joint resolution authorizing the selection of a site and the erection of a pedestal for a bronze statue in Washington in honor of the late Henry Wadsworth Longfellow.

Senator Spooner has introduced a substitute for the Nicaragua Canal bill. The new bill practically authorizes the president of the United States to choose between the Panama and the Nicaragua routes.

## A HERO'S WELCOME

Admiral Schley Given An Ovation Enroute Through Indiana.

### ALL HAD GLAD HANDS

The Trip From Chicago to Louisville Was One Continuous Welcome to the Old Seaman.

His Arrival At Louisville Marked By Equally Cordial Treatment and Firing of Guns.

Louisville, Jan. 29.—Under the chaperonage of the board of trade and Knights Templar, Rear Admiral Schley arrived last evening in Louisville, where he will be entertained until Friday. The train over the Monon road arrived at 7:15 o'clock and the distinguished visitor was greeted by an admiral's salute and a shouting crowd of many hundreds at the depot. He was escorted to his carriage by the full committee representing his hosts and driven to the residence of Marion E. Taylor, president of the board of trade. Here the admiral and Mrs. Schley spent a quiet evening. They met only a few people, as the committee had appreciated the likelihood that the admiral and his wife would be fatigued upon their arrival.

The trip from Chicago was one long ovation, and so vigorous were some of the handclaps which the distinguished seaman received en route that his right hand was nearly "out of business," as the admiral explained. He begged the subcommittee of the Louisville reception committee which met him at Salem, Ind., to handle it with care. It was at this point that E. A. Munger, president of the Hamilton club of Chicago, turned the admiral over to his new entertainers. The admiral made no speeches on the trip, although at some of the stops he spoke a few words of greeting. Telegrams from every station along the line, many of them stating that the schools had been closed to allow the children to see the admiral, were received. They asked that the admiral appear on the platform, if only for a moment.

At many points the best General Superintendent Lowell of the Monon, who was in personal charge of the train, could do was to slacken speed, but the passenger for whom all were looking braved the cold to appear and bow. At Lafayette, Ind., he insisted that grimy-handed machinists who had rushed from the car shops, take his hand. "Never mind the grease," he said, and the men, who had not wished to soil the admiral's gloves, cheered.

A public reception and a banquet form the program for today, both under the auspices of the board of trade. Thursday, as the guest of the Knights Templar, of which organization he is a member, the admiral will attend a reception and ball. Friday he will leave for Nashville, Tenn.

### NEW DEPARTMENT

Commerce and Labor Will Have a Place in the Cabinet.

Washington, Jan. 29.—Senator Nelson's bill creating a department of commerce, which passed the senate yesterday, was amended in various particulars. Probably the most important of the amendments was one changing the title to read The Department of Commerce and Labor. It provides for a secretary who is to be a member of the cabinet, an assistant secretary, and also the other officials and clerks necessary. The proposed department is especially charged with the collection and distribution of statistical information and with the development and fostering of foreign and domestic commerce. In the department there is to be a new bureau of manufactures and many bureaus now included in other departments are transferred to this new department, including the lifesaving service, the lighthouse service, the marine hospital service, the steamboat inspection service, and the bureau of navigation, as well as the control of the fisheries and the Chinese exclusion questions, all now within the jurisdiction of the treasury department, the fish commission and the census bureau. The department also is given jurisdiction over the consular service so far as it pertains to commerce.

### Tariff Concessions Demanded.

Washington, Jan. 29.—The secretary of war continues to receive cable messages from native officials, planters and merchants of Cuba appealing to him to use his best endeavors to secure tariff concessions on Cuban sugar and tobacco. Messages were received from the mayors of the principal cities of Cuba, from the members of the supreme court, from judges of Havana, and from leading planters.

### A Quiet Departure.

Berlin, Jan. 29.—Prince Henry of Prussia has declined an invitation of the municipality of Bremen to attend a banquet upon the evening of his departure for the United States. The prince has declined other invitations to festivities proposed in his honor at Bremen, as he thinks it better to leave quietly, and that any rejoicings can be made after his return.

## CAPITAL GOSSIP

Our Indianapolis Correspondent Has An Interesting Budget.

Indianapolis, Jan. 29.—The Republican politicians are gathering here again from throughout Indiana for the meeting that the state committee will hold tomorrow afternoon to elect a secretary. It is a problem yet just who will win, although Will H. Whitaker of this city has the kind of backing that makes him look like a winner. Ol Tichenor of Princeton, another candidate, has been here for three days preparing for the finish. He claims he would have been elected at the meeting last week if all members of the organization had been on hand. He now says he is sure of six votes with three candidates in the race. Harry C. Pettit, United States marshal, who has been working for Charles Haas of Wabash, says that Haas has enough to win, but there has been talk today that Haas' name would not be presented again. This has strengthened the belief many still hold that he will get out of the way and let Warren Bigler have the place again. If Bigler will accept it is likely that he can have it even yet, but he is not considered for the place now, as he has taken himself out of the list of probabilities almost by his repeated refusals to take it. All members of the committee are expected to attend the meeting except George Cunningham, who is still in the hospital. It was thought Cunningham was going to die a few days ago, but his associates on the committee now learn with pleasure that he is recovering.

James McIntosh of Connorsville and W. D. Frazer of Warsaw, national bank examiners for this state and a part of Kentucky, were both at the Denison House today. Both are well known among state politicians. McIntosh has just returned from an inspection of Kentucky banks. The latter as a rule do not have as heavy deposits, he says, as the banks of Indiana, yet they are doing an excellent business. The business of the banks of Indiana, he declared, was never better. They all have plenty of money and are getting a better rate of interest than a year ago. The reason for this he explained is that there seems to be a greater demand for money than there was.

Friends of Governor Durbin said today that the reports as to the condition of his health were greatly exaggerated and that he is not in a serious condition at all. The governor has been suffering from a light attack of the grip for some time, which in addition to the hard work connected with his office has told on him of late, but it is thought that a few days' rest will restore him. He is not alarmed over his condition. The governor and Auditor Hart returned this afternoon from Fort Wayne, where they went to inspect some contracts for the erection of a new building for the school for feeble minded.

"Dave" Sherrick of Noblesville was here again today talking his candidacy for the Republican nomination for auditor of state. He spends much of his time here now, greeting the visiting politicians and "laying his fences." Sherrick has been in the race practically ever since his defeat four years ago by the present auditor, W. H. Hart, and he says now that he feels as if his long canvass is about to be crowned with nomination. Frank Martin, deputy auditor, who is also a candidate for auditor, lives in Sherrick's congressional district, the Ninth, and both men are confident of winning.

The owners of the Burnett House have caused telegrams to be posted in the offices of all hotels here, announcing that Terry J. Cullen has become manager of their property and will take charge at once. Nearly every Republican politician in Indiana knows Terry Cullen, as he was proprietor of the Denison here for many years until recently, when he sold out. He is the oldest hotel man in the city in point of service, and has been in the business so long that he can't keep out of the harness.

### BOLD COUNTERFEITERS

Porto Rico Has Been Flooded With Spurious Coin.

San Juan, Porto Rico, Jan. 29.—Governor Hunt has cabled to the treasury department at Washington asking that an expert be sent here to settle the counterfeit question at Porto Rico, where \$30,000 in bogus silver was recently seized. Business there is practically suspended.

The merchants of Ponce are refusing to accept any silver coins of the dates of 1898, 1899, 1900 and 1901. The counterfeit dollars are poorly executed but the alleged spurious halves and quarters defy detection. They are apparently of the full weight. The bank officers have examined samples of the silver from Ponce and say the coins are good. There are no experts here or at Ponce. The chamber of commerce met yesterday and resolved to accept all apparently good silver until the arrival of the treasury agents.

### Funeral Party Killed.

Chicago, Jan. 29.—Three people were instantly killed and four seriously injured by a Michigan Central train at a crossing at West Hammond, Ind., late yesterday afternoon. The party was in a closed carriage returning from a Polish funeral at Mt. Carmel cemetery. Six persons were inside and one on the seat with the driver. The locomotive struck the carriage in the side with great force, demolishing it and throwing the occupants in all directions.

## SCALE ADOPTED

United Mine Workers Will Ask the Operators For a Raise.

### AN IMPORTANT ACTION

Resolution On Behalf of the Anthracite Miners Was Modified By the Committee.

It Was Considered a Bit Too Radical to Meet the Views of the Miners.

Indianapolis, Jan. 29.—The convention of the United Mine Workers yesterday adopted the report of the scale committee asking for a ten per cent. increase on run of mine basis, seven cents differential between pick and machine mining, and a uniform wage for all outside laborers. The resolutions on behalf of the anthracite miners asking the bituminous miners to support them in attempting to bring about a joint conference with the operators of the anthracite field and fix a wage scale were read. The anthracite delegation was for asking the support of the bituminous miners to the extent of holding up the joint conference with the operators in the interstate agreement until the anthracite operators consented to meet the miners of that district, but this radical demand was moderated by the committee. The most radical provision of the resolutions is that which states that if it is necessary to order another strike in the anthracite field to bring about a joint conference with the operators and the bituminous miners ship coal into the anthracite market, then a suspension of work may be ordered all over the bituminous field.

### CHANGES THE CHARGE

Death of Victim of Strikers' Riot at Seeleyville.

Terre Haute, Ind., Jan. 29.—K. H. Hagerman, the Seeleyville miner who was shot by a trainman during an attack on an interurban car Friday night, died yesterday. The three trainmen who are under bond charged with shooting with intent to kill, will be rearrested, charged with manslaughter. Hagerman's friends claim he took no part in the attack on the car, but the prosecution has heard from several sources that he was lying in wait for the car with a shotgun when he was wounded. The strikers remain firm and are still out. The company has succeeded in manning its cars, which are again running on schedule, but there is no noticeable increase of patronage of the cars. All the cases against men accused of rioting or violence in connection with the strike have been carried over to the grand jury.

### Frozen In A Ditch.

Hartford City, Ind., Jan. 29.—William Mills, a farmer, aged 40, was found dead in a ditch four miles northeast of this city. It is supposed that while going home intoxicated he drove into it. The wagon had broken in two and both horses and Mills had to be chopped out of the ice. Mills was frozen stiff and one of the horses is so badly frozen that it will die. It is not known whether he was killed when the wagon upset, or whether he was only stunned and slowly froze to death. He leaves a wife and two children.

### Not In Popular Favor.

Washington, Ind., Jan. 29.—The strike precipitated by the employees of the Baltimore and Ohio Southwestern railway shops, resulting in the company's closing down the plant indefinitely, is not meeting with general favor, and it is said that a mass meeting will soon be called to express disapproval, and to petition the company to reopen the shops.

### RECEIVED OUT.

Fort Wayne, Ind., Jan. 29.—A Foster placed a can of concentrated lye on the stove to thaw it out, and it exploded, covering the man's face with the virulent stuff. He may lose his sight, and certainly he will be disfigured for life.

## PHILIPPINE ADVICES

General Outlook In Batangas Said to Be Favorable.

Manila, Jan. 29.—Major Lot and three Filipinos, lieutenants, with 10 rifles, three revolvers and 24 bolos, surrendered to Major Anderson of the Sixth cavalry Monday at Lipa, province of Batangas. Lot was brought in sick on a litter. He was cordially hated at Lipa, where he looted \$55,000 worth of jewelry from prominent families. Nickerson's scouts have captured Colonel Lot, a brother of Major Lot, near Batangas.

Lieutenant W. K. Larnes of the Sixth cavalry has had a slight engagement with some Filipinos, during which he captured a captain and two soldiers.

The general outlook in Batangas province is decidedly favorable. A party of insurgents led by two renegade Americans, recently entered Alangalang in Leyte province, claiming they were constabulary, but not yet uniformed. The impostors were taken to police headquarters and were royally entertained by the native sergeant in charge. At a given signal the renegades and insurgents fell on the police, who, though outnumbered more than two to one, fought desperately and drove off their assailants after a hand-to-hand fight, in which bolos were the chief weapons. The victory was notable as the police were completely surprised and so outnumbered. They lost two men killed and had one man wounded. The insurgents left one man dead.

### Panic-Stricken Hotel Guests.

St. Louis, Jan. 29.—The guests of the Lindell hotel were driven from their apartments into the sleety streets at 10 o'clock last night by fire which wrecked the adjoining building at the corner of Seventh street and Washington avenue, and for 30 thrilling minutes threatened to sweep away the hotel. The structure in which the fire originated was a seven-story affair known as the O'Neill building. It was an old and inflammable structure. There were a dozen or more firms occupying it. The losses suffered by these concerns will approximate \$300,000. The hotel's fire wall saved it.

### Investigating Explosion.

New York, Jan. 29.—The authorities are energetically at work trying to solve the mystery of the terrific explosion of dynamite in the vicinity of the Grand Central station. From information received from various sources, it is said, that at the time of the explosion there was between 125 and 200 pounds of explosive in the house at the time of the supposed fire and in the morning there had been probably 600 pounds.

### WEAK WOMEN

Are made strong by the use of Dr. Pierce's Favorite Prescription. It regulates the periods, dries up weakening drains, heals inflammation and ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All womanly confidence held in sacred secrecy and guarded by strict professional privacy. Write without fear and without fee to Dr. R. V. Pierce, Buffalo, N. Y.

"I had been a great sufferer from female weakness," writes Mrs. M. E. Wallace, of Muenster, Cooke Co., Texas. "I tried four doctors and none did me any good. I suffered six years, but at last I found relief. I followed your advice, and took eight bottles of 'Favorite Prescription,' and four of the 'Golden Medical Discovery.' I now feel like a new woman. I have gained eighteen pounds."

Doctor Pierce's Pleasant Pellets cure biliousness and sick headache. They do not create the pill habit.

WEDNESDAY JAN. 29, 1902.

MISS Stone, the missionary, has been rescued again. We trust there will be no mistake about it this time

ADMIRAL SCHLEY was given an ovation at every stop Tuesday as he passed from Chicago through Indiana to Louisville.

GENERAL JOSEPH WHEELER says that there is little doubt but that the people of Cuba will demand that their government apply for annexation to the United States in the near future. He says that when he was in Cuba many of the more intelligent people favored annexation.

THE Supreme Court has a case pending before it to determine the constitutionality of the mortgage exemption law. It will likely be advanced on the docket as a petition has been filed for that purpose. If the law should be held unconstitutional it will hurt a great many poor people who have small mortgages on their homes. Of course it will affect every person whose property is mortgaged but the amount of taxes saved by virtue of law, is a help to the poor whose homes are mortgaged much more than it is to those who are in better circumstances.—Columbus Republican.

THE prospects for the passage of an isthmian canal bill in the present session of congress are not quite so bright as they seemed to be a few weeks ago, yet hope of favorable action will not be given up. An overwhelming majority of the American people want a canal built, and they want it over the Nicaragua route. It is well enough for the senate to give careful examination to the Panama company's offer, but all discussions which has no purpose except obstruction should be avoided. The country believes that the most advantageous route is that by the way of Nicaragua, which has been surveyed several times, and which has been in the mind of the people of the United States for this purpose for half a century.—Globe-Democrat.

Mrs. D. A. Baird's hand so badly burned Tuesday is some better today, but very painful.

W. H. Kingsbury and sister, of Linton, after a visit here to friends, returned home this forenoon.

The Misses Spellman and Mr. Fagan, of Terre Haute, were here today to attend the Spellman-Maloney wedding.

## Remember

All excursions are authorized via the Southern Indiana Railway. If you want cheap rates inquire at Southern Indiana Railway ticket office.

H. H. ROSEMAN, G. P. A.

## MARRIED.

SPELLMAN-MALONEY.

Miss Mayme Maloney, daughter of Mr. and Mrs. Andy Maloney, and Engleer Benj. Spellman were united in marriage at 7 o'clock Wednesday morning, Jan. 29, at the Catholic church, Rev. Father Conrad officiating. Miss Mayme Clair acted as bride's maid and Mr. Fagan, of Terre Haute, was best man. Miss Nellie Crane played the wedding march. Both the bride and groom have many friends in Seymour.

A splendid wedding dinner was served at the home of the bride's parents on Carter street today, to quite a number of friends and relatives. This afternoon they left on a trip to Greensburg Indianapolis and Chicago after which they will go to their home at Terre-Haute.

In point of service Mr. Spellman is the oldest engineer on the Southern Indiana as he had charge of the first engine over the E. & R. road thirteen years ago. He is as safe and skillful as any engineer. The bride was sales lady for some time in the shoe department at the Gold Mine. They will reside at his home in Terre Haute. They bear with them the good will of their many friends here.

## DO NOT DELAY

The longer you delay in giving your weak stomach the aid it requires, the more serious becomes your condition. Obtain a bottle of Hostetter's Stomach Bitters at once, as it is the best medicine in the world for stomach complaints. It will tone up the system, steady the nerves and cure belching, flatulency, indigestion, dyspepsia and malaria, fever and ague.

**HOSTETTER'S STOMACH BITTERS.**

## SURPRISE.

Miss Ola Wheeler was home from Kurtz on a visit Sunday

A number of young folks attended church at Pleasant Grove Saturday night.

Miss Ida Stockdale is reported better.

Frank Hiker has gone to Danville, Ills., after visiting here for sometime.

Fred Carr, of Longview, was here last week looking for a team and took dinner with us.

Wilbur Elkins' little boy is very sick. It is reported that he has diphtheria. Dr. Davis is attending him.

Thomas Penneck, of Seymour, is visiting relatives here.

Several of the scholars were absent from school last week on account of them having the pink eye.

Rev. Rucker filled Rev. Snyder's regular appointment at the U. B. church Sunday, the latter being in a protracted meeting at Freetown.

Mrs. Mary J. Mahurin was called to Kurtz last week to see her mother, who is very sick.

J. D. Rumph has bought a farm west of Surprise from Wm. Isaacs.

Asa Rose and wife visited the latter's parents at Seymour Sunday.

Hupp—Wm. Hupp, whose sickness we have often mentioned died at his home Tuesday, Jan. 21, of consumption. He leaves a wife and several children besides a number of relatives and friends to mourn his loss.

MCGATHY—A seven weeks old child of Silas McGathy and wife died and was buried in White's Chapel cemetery Thursday.

## DEER LICK.

# SICK AND AILING WOMEN

**Should Write to Mrs. Pinkham, Lynn, Mass., for Advice—It is Absolutely Free and Has Restored Thousands of Women to Health.**

**All Letters Are Sacredly Confidential and No Names Are Published Without Special Permission of the Writer—All Letters Are Received, Opened and Answered by Women Only—During the Last 20 Years Mrs. Pinkham Has Gained a Greater Knowledge Regarding Female Ills Than Any Other Person, and is Consequently Better Qualified to Advise and Guide Sick Women.**

LYDIA E. PINKHAM,  
Discoverer of Lydia E. Pinkham's  
Vegetable Compound.

## Mrs. Pinkham's Standing Invitation.

In addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience in treating woman's diseases is greater than that of any living physician—male or female.

You can talk freely to a woman when it is revolting to relate your private troubles to a man—besides a man does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is greater than any local physician. The following invitation is freely offered; accept it in the same spirit.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer.

## LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

Has restored more women to health than any other medicine the druggists have ever sold—It outsells all other medicines for female ills two to one—Therefore it must be unequalled. Accept no substitute.

### The Case is Advanced.

The appeal in the suit against the auditor of Marion county, which involves the validity of the mortgage deduction law, was advanced yesterday by the supreme court for immediate hearing. Attorney General Taylor, in petitioning for the advancement, pointed out that the decision in this case involves the right of the State to collect taxes on \$10,000,000 of taxable property. He urged that unless the case is decided before the time for claiming deductions next spring a good deal of unnecessary work would be caused.

### Blown to Atoms.

The old idea that the body sometimes needs a powerful, drastic, purgative pill has been exploded: for Dr. King's New Life Pills, which are perfectly harmless, gently stimulate liver and bowels to expel poisons matter, cleans the system and absolutely cures constipation and sick headache. Only 25c at W. F. Peter's drug store.

### Notice.

Notice is hereby given, that there will be a meeting of the County Council of Jackson county at the office of the Auditor, on Tuesday, February 4th, 1902. Every member of the county is expected to be present.  
A. H. MANUEL,  
Auditor Jackson County.

### Notice.

All parties knowing themselves indebted to me will please arrange to settle not later than March 1.  
GEORGE J. RIEHM.

George J. Riehm, the merchant tailor, has closed out his business here and left today to be gone a week or ten days looking for a location. He did a successful business here and his many friends regret to see him leave.

Tell us why a druggist offers you a substitute for the Madison Medicines Co's Rocky Mountain Tea. Does he love you or is he after the bigger profit? Think it over. Ask your druggist.

That long-lived and remarkable English melodrama, "The Span of Life" will be presented at the opera house, Friday night, January 31. The author, Mr. Sutton Vane, has written many successful plays including the "Cotton King" and "Humanity" but none have achieved as lasting a success as "The Span of Life."

A harmless substance that drives away all life-destroying germs that battle medical skill. An antidote for suffering humanity. Rocky Mountain Tea. 35 cents. Ask your druggist.

"A Homespun Heart" was well presented at the opera house last night. There was a good crowd out and all were well entertained. The play is well staged and the cast is well chosen.

It excites the wonder of the world, a magic remedy, liquid electricity, that drives away suffering and disease. Rocky Mountain Tea. 35c. Ask your druggist.

The President is said to have decided not to consider the appeal of Rear Admiral Schley. This appeal is to be made public to-day, together with the reply of the Navy Department.

Liquid Electricity will stop pain instantly with the rough rubbing of the affected part. Try it once and you will always use it. Ask Theo. Pellens, the druggist for it.

P. H. McCormack, of Columbus, will file suit against the board of directors of the Indiana Reformatory for \$40,000. He built the new cell house at the Reformatory and has been unable so far to make final settlement. He alleges that \$40,000 is yet due him on contract.

The following are a few things Liquid Electricity will cure: Coughs, colds, lagrippe, headache, toothache, lumbago, backache, neuralgia, colic, cramps or any and all pains caused by germs or inflammation, such as sore throat, tonsillitis, sores, cuts, burns and bruises. Theo. Pellens sells it.

### COMING SOON. HERE SOON.

Wood & Ward's big company presenting their splendid musical extravaganza, "The Two Merry Tramps." "Two Merry Tramps" is a comedy with a plot, a comedy written for laughter, and the production in its entirety is far ahead of any of the far comedies of the day.

## THE MAN IN THE MOON

Sees strange sights and grows used to them in time, no doubt.

Even our ugly hansom automobiles will soon cease to surprise him; but he never can understand why people are willing to drink poor, health-menacing coffee when the best the world produces is easily obtained.

When we speak of the best coffee, we of course refer to the kind sold by Chase & Sanborn. Their Seal Brand Java and Mocha is famous for its excellence, and their high grade coffees which come packed in parchment lined richly colored bags are in great demand.

The greatest care in selection and packing is exercised.

With coffee pure like this, more enjoyment is experienced. No danger to health need be feared.

These coffees produce that deep port wine color before cream, and golden after cream, so much desired by coffee lovers.

### Situation Unchanged.

The strike situation at the B. & O. S-W. shops is unchanged and little has been done toward a settlement. Both the railroad officials and the strikers have unbent some however and there is a possibility of a settlement in the near future.

Mayor Downey has taken up the trouble and is working toward a settlement. He has telephoned to Labor Commissioners McCormick and Schmidt who are at Terre Haute and is trying to get one of them to come here for a conference between the B. & O. S-W. officials and the strikers. If the commissioners come and arrange a conference a settlement may be arranged. The railroad officials and the strikers both agreed that the labor commissioners come and will meet them.

## A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and bronze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

## Rheumatic Warped Limbs.

To suffer the most excruciating pains, to lose the use of limbs, and to have the joints swollen and disfigured is the lot of the victim of rheumatism.

Uric acid in the blood is the cause of rheumatism. If the kidneys are active, they remove the uric acid. That is their special work. If, on the other hand, the kidneys are deranged, there is sure to be uric acid in the blood and rheumatic pain through the body.

No amount of liniment will ever cure rheumatism. It sometimes relieves, but cure can only be brought about by setting the kidneys right.

The most effective kidney remedy known to man is Dr. A. W. Chase's Kidney-Liver Pills. They cure

### Baby's Coming

McDonald, Ga., July 18, 1900.

I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and Theodor's Black-Draught and have been able to do all my household work without any trouble. I am expecting every day to be confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of Theodor's Black-Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

Mrs. GEORGIA LEE.

### WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some indiscretion, injured the organs which make her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhoea, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.
